

All Together Now! – Inclusion in childcare

Overview

The aim of the session is to equip participants with an understanding of inclusion developing and implementing inclusive services for young children and their families

Who is it for?

This workshop is for anyone working with children and families

Outcomes

By the end of the session participants will:

- Have a basic understanding of the legislation and guidance relating to inclusion
- Understand the difference between integration and inclusion
- Define inclusion and what it means in reality in early years settings
- Understand the impact of the attitudes of children and their families on inclusion in early years
- Have an understanding of groups that may experience discrimination and/or exclusion
- Understand the role of the practitioner both at policy and practice level with regards inclusion
- Identify challenges within their settings and start to develop strategies for dealing with this

Format

This is a full-day workshop and will include lots of small group and individual activities
